Radical overhaul of agriculture can create farms that enhance rather than degrade the world's ecosystems

Posted on 2011/08/22 by [Alan Burke](#)

New practices could double agricultural production, protect natural systems and be “game changer” for global food security STOCKHOLM (22 August 2011)—According to the authors of new research released today at the World Water Week in Stockholm, a radical transformation in ... [Continue reading](#) □
